

Providing hope and a future for the children of Africa

Sponsor a child... just £15^{per}_{month}

Or how about a teacher, a social
worker, food or medicines?

Our sponsorship packages in
Uganda's Namatala slum start from
just £5 per month.

In the Namatala slum, there is no provision for healthcare or social care, so most children don't eat a hot meal each day, and most don't attend school because there are just too many things for their parents to buy.

Child of Hope steps in... and provides everything through its purpose-built school in the heart of the slum. How do we pay for it? Most of what we do on a day-to-day basis is funded by individuals who partner with us to sponsor a child, a teacher, social worker, healthcare or food.

Will you join us in our fight against poverty? *Visit our website for details.*
